Dear Parents and Guardians,

First and foremost, we hope you and your families are safe and healthy. Thank you again for your patience as we continue our efforts to support learning at home for all of our students. **For students who are not able to access our digital instructional resources, we have completed the next set of instructional packets for students in PK - 8th grade.** These packets are designed to be completed over the next two weeks. They are for the weeks of April 6th and April 13th, 2020. Printed packets for high school students who are **not** able to access our digital resources will be available soon. Each high school will contact their students regarding when and where to pick up their packets.

Starting this week, we will begin tracking and recording progress grades for work completed during the extended school closure. All students will be responsible for completing either the digital assignments from their teachers or completing the printed paper-based packets. We encourage our families who do not have access to our digital learning platforms to make every effort to pick up the printed instructional packets.

On **Monday, April 6, 2020**, we will have our second instructional packet distribution (PK – 8th grade students ONLY) at Sharyland High School located at 1216 North Shary Road, Mission, TX 78572. Packets will only be distributed on Monday.

The distribution times are as follows:

Morning 8:00 to 10:00 a.m.

Afternoon 4:00 to 6:00 p.m.

For your safety and ours, we ask for your cooperation with the following instructions when you come to pick up the packets for your children. Please stay in your car at all times. We ask you place a piece of paper on the passenger side dash board with the languages and grade levels of the packets you need. Please see the example below. We will be handing the packets through the passenger side window. If possible, please have this seat empty to limit exposure.

We would like to thank you for your constant support and understanding. Together, we will ensure that our students continue to be engaged in their learning and prepared for next school year.

Dr. Maria M. Vidaurri
