Superintendent's Message

Dr. Virginia N. Richter

It is with sincere enthusiasm and utmost respect that I write this year's "Back to School" welcome to all those who play such an important role in the educational process of our District's nearly 10,300 students. Each school year brings anticipation, excitement, and with many, anxiety of what the new school year may bring. As we begin this school year, I wish the greatest success for all our students.

We are especially eager to begin the 2014-15 school year with all the exciting things happening in our AWESOME district!! We have waited many years to see our second comprehensive high school concept come to fruition! In just three short weeks, we will open the doors to Sharyland Pioneer High School (PHS). Additionally, we will open our first early college high school, Sharyland Advanced Academic Academy (SA3), where students can graduate with an

associate's degree prior to receiving their high school diploma! Our two new high schools are grounded in the same values and traditions that Sharyland High School has represented for many years.

Our district has a proud reputation of academic excellence and community spirit, and it is this pride that will help drive us to reach our goal of remaining **ONE Sharyland** as we move to multiple high schools. These new additions make it an exciting time for our community and although we are growing and expanding, our roots remain as one. We ARE Sharyland!

Sharyland highly qualified staff are excited and ready to help your children reach their maximum potential. Each staff member has attended at least two days of professional development this summer to better meet the needs of our students; many of them attended sessions on technology integration to continue improving on the BYOD initiative. We encourage you to allow your child to bring their device to school to facilitate their learning and to prepare them for life beyond high school. You should have already signed the BYOD permission slip when you completed the online registration. Our teachers will continue to receive ideas on how to integrate technology into their lessons throughout this school year. This year, we encourage you as parents, to continue modeling the use of technology for your children by visiting our District website daily (www.sharylandisd.org). We have a wealth of information there that will

help you stay abreast of your child's education. Visiting the District website, along with the individual school website, will keep you completely "in the loop." We are working to make our websites more user-friendly, so if you have suggestions, please feel free to give us input!

As the summer break comes to a close, our athletes are preparing for an award-winning season, our band students are already practicing to ensure a Division I year, and our teachers are diligently preparing their classrooms in anticipation of your children. I would like to remind you that I have an open door policy and would love to meet each and every parent in the district. If you have a few minutes, please come by to see me, email me, or call to make an appointment. We want to partner with you to make this year a positively memorable one for your child! I am confident that this will be a fantastic year for all of us! Together we will make Sharyland ... Simply the BEST!!!

And finally, I am grateful to be working in a district and with a Board of Education that cares so much about making a difference in the lives of children. Please say hello when you see me at your child's school and know that all our small steps together will amount to big learning for our students. Thank you for being part of our team for your children! Together, we ARE Sharyland!
