

CISCO JABBER APP INSTALLATION GUIDE

Steps to download and install:

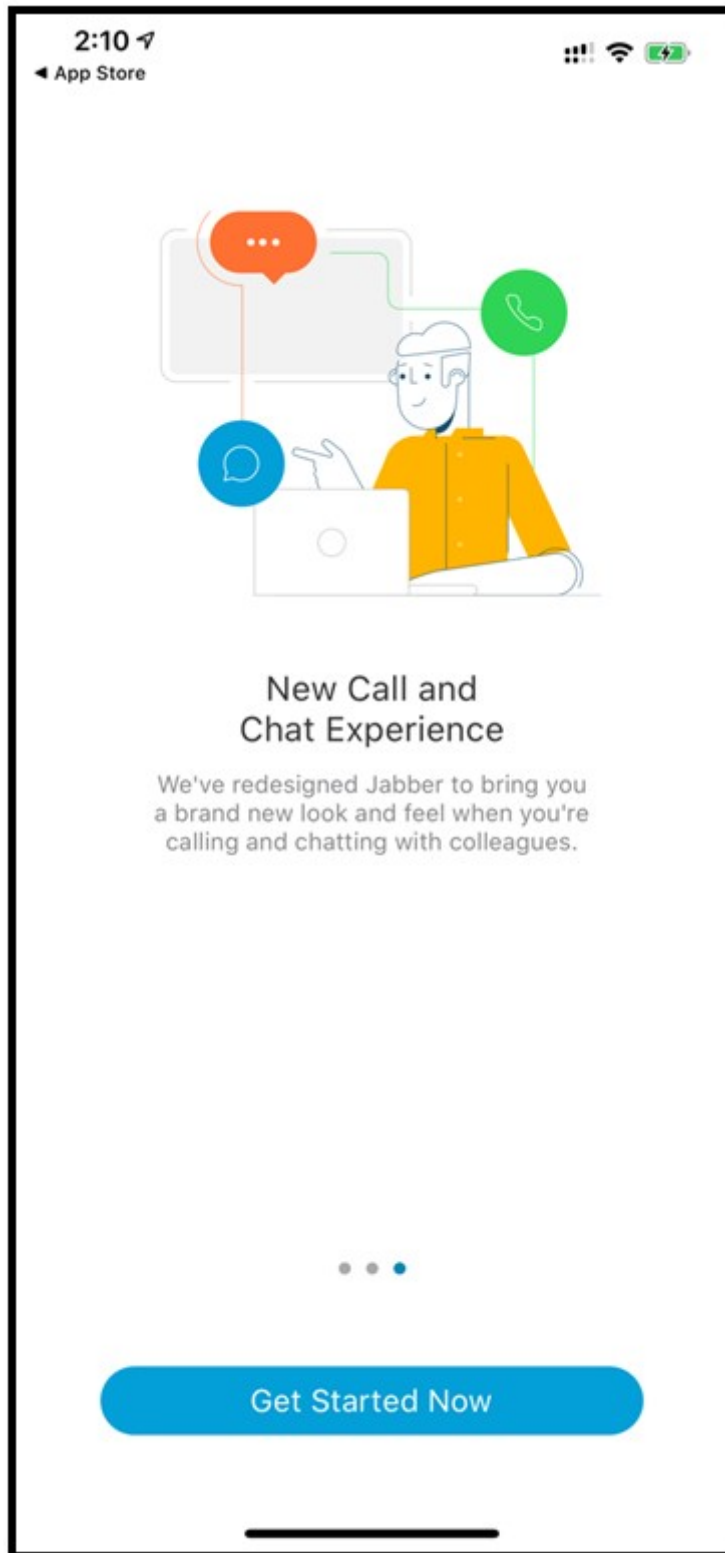

- In the app store search for the Cisco Jabber app and download it
- Run the app, slide to the right until you see the Get Started button at the bottom, select Get Started
- Sign in with your district email address and email password
- Once you get signed in you can make a test call on the app by dialing 9 and then the phone number. Call a friend or your spouse and check the caller ID.

Steps with screenshots below

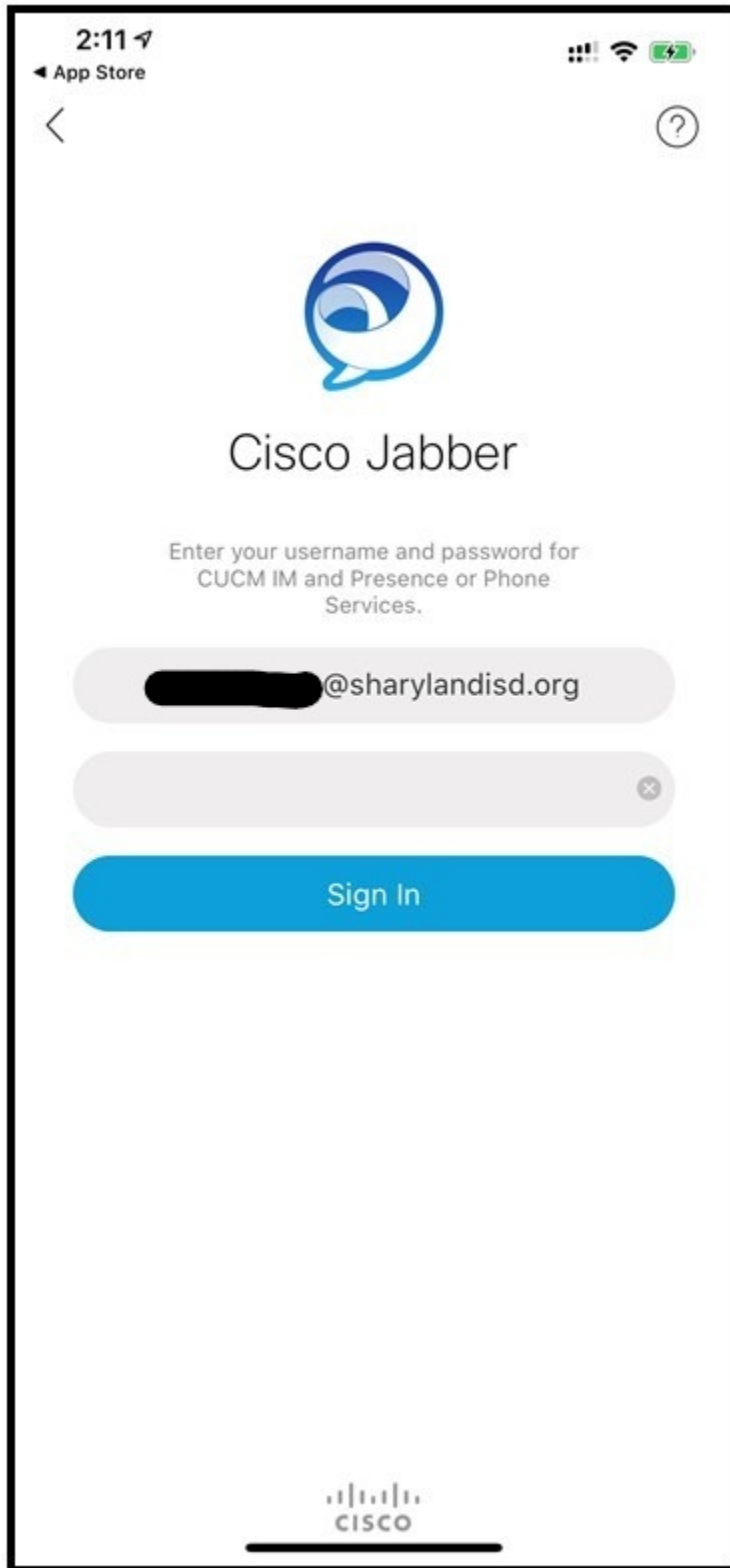

In the app store search for the Cisco Jabber app and download it

Run the app, slide to the right until you see the Get Started button at the bottom, select Get Started

Sign in with your district email address and email password

The screenshot shows the Cisco Jabber mobile application interface. At the top, the status bar displays the time as 2:11, a signal strength indicator, Wi-Fi, and battery icons. Below the status bar, there is a navigation bar with a back arrow on the left and a help icon (a question mark in a circle) on the right. The main content area features the Cisco Jabber logo, which is a blue speech bubble with a white 'J' inside. Below the logo, the text 'Cisco Jabber' is displayed in a large, black, sans-serif font. Underneath, a smaller line of text reads: 'Enter your username and password for CUCM IM and Presence or Phone Services.' There are two input fields: the first is a rounded rectangle containing a blacked-out username followed by '@sharylandisd.org'; the second is a rounded rectangle containing a blacked-out password with a small 'x' icon on the right side to clear the text. Below the input fields is a prominent blue rounded button with the text 'Sign In' in white. At the bottom of the screen, the Cisco logo (four vertical bars of varying heights) and the word 'CISCO' are centered.

Once you get signed in you can make a test call on the app by dialing 9 and then the phone number. Call a friend or your spouse and check the caller ID. It should be the campus phone number.
